

EMPLOY THE OLDER WORKER WEEK
SEPTEMBER 18, 2011 through SEPTEMBER 24, 2011

On October 19, 2011 the Armstrong County Area Agency on Aging celebrated 'Employ the Older Worker Week'. This year we had an afternoon social at the PA CareerLink.

This year we were honored by State Representatives and Congressmen along with Executive Director of Senior Service America, Inc. and County Commissioners.

This year the Champion of Older Workers were, Armstrong County Health Center, Armstrong County Industrial Development Authority and Armstrong County Area Agency on Aging. These Agencies have hired someone from the training program.

The Senior Community Service Employment Program training sites were: Adagio Health/WIC, Armstrong County Assistance Office, Armstrong County Community Action Agency, Armstrong County Health Center, Armstrong County Public Works Department, Armstrong County Human Resources Department, Belmont Complex, Ford City Public Library, Freeport/Leechburg/Apollo Group, Kittanning Public Library, Leechburg Area Community Association, Leechburg Borough, Mechling-Shakley Veterans Center, Progressive Workshop, Orphans of the Storm, PA CareerLink-Armstrong County, The Salvation Army, Tri-County Workforce Investment Board/E.A.R.N. Program.

Many thanks to all the businesses and agencies throughout Armstrong County in making a difference in the lives of so many people. Hiring a person 55 or older and a resident of this county has made a difference to them.
