PUBLIC NOTICE
REQUEST FOR PROPOSALS FOR ENGINEERING SERVICES
COUNTY OF ARMSTRONG OBO SOUTH BETHLEHEM BOROUGH

South Bethlehem Borough ADA Ramp Improvements Project Phase II

The County of Armstrong on behalf of South Bethlehem Borough proposes to utilize a portion of its Community Development Block Grant funds for the installation of ADA compliant ramps within the Phase II Project Area.

The proposed scope for the South Bethlehem Borough ADA Ramp Improvements Project Phase II includes the installation of 12 ADA compliant concrete ramps, site restoration, engineering and inspection and related appurtenances.

The County of Armstrong on behalf of South Bethlehem Borough is seeking to retain an engineering firm to complete the engineering design and detailed plans and specifications related to the completion of the South Bethlehem Borough ADA Ramp Improvements Project Phase II. In awarding a contract to complete engineering, design and inspection relating to the ADA Ramp Improvements Project Phase II, the County of Armstrong and South Bethlehem Borough will consider the completeness of the proposal; technical qualifications; previous experience on similar projects; the ability to complete the work within a designated timeframe; and the utilization of Section 3 contractors, subcontractors, businesses, and residents. Primary criterion, therefore, in selecting an offeror will be professional qualifications. Award of a contract will be made to the proposer determined to be most technically qualified subject to negotiations of a fair and reasonable compensation for the services provided. At the sole discretion of the County of Armstrong, the County of Armstrong OBO South Bethlehem Borough may negotiate a contract amendment with the successful proposer within the next three (3) years for the engineering design and construction inspection if an expanded project phase is designated.

Proposal documents shall be obtained at the offices of the Armstrong County Department of Planning and Development, 402 Market Street, Kittanning, PA 16201 between the hours of 8:00 A.M. and 4:30 P.M., Monday through Friday, where completed proposals will be received until 4:00 P.M., Friday, March 16, 2018.

The County of Armstrong and/or South Bethlehem Borough reserves the right to reject any and all proposals or to waive any informalities in the proposal process and may hold all proposals for a period not to exceed ninety (90) days from the date of proposal submission deadline.

This Project is financed (in part) by grants from the Commonwealth of Pennsylvania, Department of Community and Economic Development.

County of Armstrong
